KATE VITASEK

A/V RIDER

Computer, Projectors, and Displays

- Kate provides her own Apple MacBook Pro 14" running macOS Monterey with Thunderbolt 3 (USB-C) and HDMI ports

- Kate's entire presentation is from her computer using a 16:9 display ratio.

- Clients must provide a DSAN Perfect Cue system (or equivalent) for Kate's direct slide control. For smaller venues with less than a 75-foot range, Kate will use her own remote slide control device.

Microphone

Please provide a wireless lavalier microphone connected to a professional audio system.

Audio

Audio can be output from Kate's MacBook Pro via the HDMI, Thunderbold 3/USB-C ports or a standard 3.5mm analog headphone jack. Note – Kate often uses videos in her presentation and having audio is a requirement unless otherwise agreed.

AV Testing / Soundcheck

Kate requires an AV check no fewer than 30 minutes before the event—ideally, 60 minutes before the event.

Confidence Monitors

Kate prefers a confidence monitor for large audiences. She will not need one for a smaller intimate venue.

No Podium

Kate prefers no podium on stage.

No Internet Access

Kate presents using her own laptop with all videos, audio, and content embedded in the presentation. Therefore, no internet access is needed.

Beverage

Please have a bottle of water available for Kate while she is on stage.
